KERSHAW COUNTY INDUSTRIAL FIRMS BY INDUSTRIAL SECTOR (SIC CODE)

Food and Kindred Products – Major Group 20

This major group includes establishments manufacturing or processing foods and beverages for human consumption, and certain related products, such as manufactured ice, chewing gum, vegetable and animal fats and oils, and prepared foods for animals and fowls. Products described as dietetic are classified in the same manner as non-dietetic products (e.g. candy, canned fruits, cookies). Chemical sweeteners are classified in Major Group 28.

KERSHAW COUNTY INDUSTRIAL FIRMS BY INDUSTRIAL SECTOR (SIC CODE)

Textile Mill Products – Major Group 22

This major group includes establishments engaged in performing any of the following operations: (1) preparation of fiber and subsequent manufacturing yarn, thread, braids, twine and cordage; (2) manufacturing broad-woven fabrics, narrow woven fabrics, knit apparel; (3) dyeing and finishing fiber, yarn, fabrics, and knit apparel (4) coating, waterproofing, or otherwise treated fabrics; (5) the integrated manufacture of knit apparel and other finished articles from yarn; (6) the manufacture of felt goods, lace goods, non-woven fabrics, and miscellaneous textiles.

This classification makes no distinction between the two types of organizations which operate in the textile industry: (1) the integrated mill which purchases materials, produces textiles and related articles within the establishment and sells the finished products; and (2) the contract or commission mill which processes materials owned by others. Converters or other non-manufacturing establishments, which assign materials to contract mills for processing, assign yarns to outside contractors or commission knitters for the production of knit products are classified in Major Group 25.

KERSHAW COUNTY INDUSTRIAL FIRMS BY INDUSTRIAL SECTOR (SIC CODE)

Apparel And Other Finished Products Made From Fabrics And Similar Materials – Major Group 23

This major group known as the cutting-up and needle trades, includes establishments producing clothing and fabricating producers by cutting and sewing purchased woven or knot textile fabrics and related materials, such as leather, rubberized fabrics, plastics, and furs. Also included are establishments that manufacture clothing by cutting and joining (for example, by adhesives) materials such as paper and non-woven textiles. Included in the apparel industries are three types of establishments: (1) the regular or inside factories; (2) contract factories; and (3) apparel jobbers. The regular factories perform all of the usual manufacturing functions within their own plant; the contract factories manufacture apparel from materials owned by others; and apparel jobbers perform the entrepreneurial functions of a manufacturing company; such as buying raw materials, designing and preparing samples, arranging for the manufacture of clothing from their materials and selling of the finished apparel.

Knitting mills are classified in Industry 2253 if primarily knitting outerwear, and in Industry 2254 if primarily knitting underwear and nightwear. Custom tailors and dressmakers not operating on a factory basis are classified in Retail Trade, Industry 569; and establishments which purchase and resell finished garments but do not perform the functions of the apparel jobbers are classified in Wholesale Trade, Industry Group 613.

Lumber And Wood Products, Except Furniture – Major Group 24

This major group includes establishments engaged in cutting timber and pulpwood; merchant sawmills, lath mills, shingle mills, cooperage stock mills, planning mills, and plywood mills and veneer mills engaged in producing lumber and wood basic materials; and establishments engaged in manufacturing finished articles made entirely or mainly of wood or related materials. Certain types of establishments producing wood products are classified elsewhere. For example furniture, office and store fixtures are classified in Major Group 25; musical instruments, toys playground equipment and caskets are classified in Major Group 39. Woodworking in connection with construction, in the nature of reconditioning and repair, or performed to individual order, is classified in manufacturing industries. Establishments engaged in integrated operations of logging combined with saw mills, pulp mills, or other converting activity with the logging not separately reported are classified according to the primary product shipped.

Printing, Publishing and Allied Industries – Major Group 27

This major group includes establishments engaged in printing by one or more common processes, such as letterpress; lithography (including offset), gravure, or screen; and those establishments which perform services for the printing trade, such as bookbinding and plate making. This major group also includes establishments engaged in publishing newspapers, books and periodicals, regardless of whether or not they do their own printing. News syndicates are classified in Service, Industry 7838. Establishments primarily engaged in textile printing and finishing fabrics are classified in Major Group 22, and those engaged in printing and stamping on fabric articles are classified in Industry 2396. Establishments manufacturing products that contain incidental printing, such as advertising or instructions are classified according to the nature of the products – for example, as cartons, bags, plastics, film or paper.

Chemical Allied Products – Major Group 28

This major group includes establishments producing basic chemicals and establishments manufacturing products by predominantly processes. Establishments classified in this major group manufacture three general classes of products; (1) basic chemicals such as acids, alkalize, salts, and organic chemicals; (2) chemical products to be used in further manufacture, such as synthetic fibers, plastic materials, dye colors, and pigments; and (3) finished chemical products to be used for ultimate consumption, such as drugs, cosmetics, and soaps; or to be used as materials or supplies in other industries, such as paints, fertilizers, and explosives. The mining of natural alkalize and other natural potassium, sodium, and baron compounds, of natural rock salt, and of other natural chemicals and fertilizers are classified in Mining, Industry Group 147. Establishments primarily engaged in manufacturing nonferrous metals and high percentage ferroalloys are classified in Major Group 33; those manufacturing silicon carbide are classified in Major Group 32; those manufacturing baking powder, other leavening compounds, and starches are classified in Major Group 20; and those manufacturing artists colors are classified in Major Group 39. Establishments primarily engaged in packaging, repackaging and bottling of purchased chemical products, but not engaged in manufacturing chemicals and allied products, are classified in Wholesale or Retail Trade Industries.
